Motivational Leadership within the Church

This course has been developed for ordained / non ordained, group / activity leaders and those co-ordinating teams within the Church.

The course aims to empower people to identify their vision then focus and develop their communication techniques and people skills.

Through interactive scenarios and group work, they will be encouraged to recognise strategies and techniques that will enable and encourage others.

The course will focus on:

- The key elements of motivational leadership
- How to get the best from yourself and others using motivational strategies.
- The importance of developing the team
- Effective communication techniques and practical activities to help improve listening skills
- The importance of effective information sharing.
- Managing change

This course is a 3 hour session that offers opportunities to energise each other, sharing ideas and recognising ways to become more enabling.

The course also embraces the Outcomes for Every Child Matters.
